

CEBoK™

The most comprehensive cost resource and training program available to the cost estimating professional!

COST ESTIMATING BODY OF KNOWLEDGE

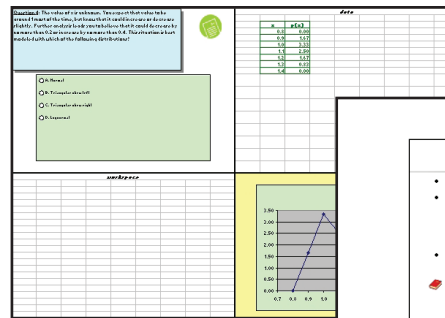

New and improved content!

The Cost Estimating Body of Knowledge is SCEA's official training course material, conveniently available in CD-ROM. CEBoK expands on the foundation set by its predecessor product, CostPROF, offering enhanced content and new topics such as Operations and Support (O&S) estimating; schedule estimating and risk; non-OLS regression techniques; Monte Carlo simulation; cost accounting rate structures; depreciation; and many more. Each module includes student exercises to test your knowledge, a glossary of terms, and a bibliography of resources for further study. This program teaches and quizzes an individual on the most pertinent cost topics that support thorough cost analysis.

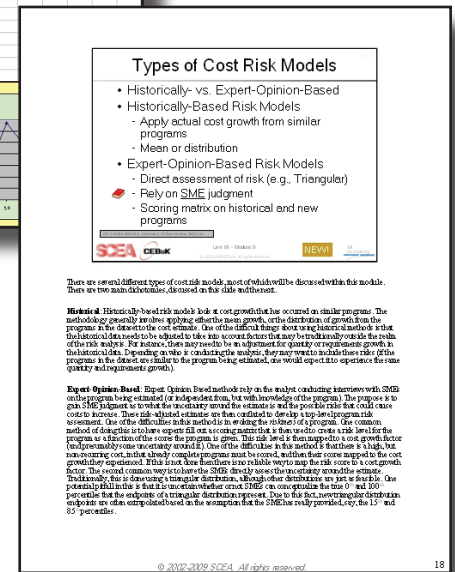

Interactive, computer-based modules. . .

Information is organized within 16 modules divided into 5 units: Cost Estimating; Cost Analysis Techniques; Analytical Method-Management Applications. Presentation with notes and presentation includes links to as well as terms found in presentations. CEBoK is designed study by an individual or environment. While the studied from start to finish also be studied as a stand-alone lesson. This format is designed to afford the most flexibility to both the student and instructor.

Whether you're looking to prepare for the CCEA exam, looking to brush up on old skills, or to learn new skills and information, CEBoK is the right product for you!

Slide/Notes Page and Sample Question from Module 9: Cost and Schedule Risk Analysis

“The ideal training and desktop reference system for Cost Estimators / Analysts!”

Cost Estimating; Cost Analysis Techniques; Specialized Costing; and Each module includes a pre-sample questions. The pre-information and sample questions to be used for self-guided in a formal classroom training syllabus was designed to be ish, in order, each module can

CEBoK™ Order Form

Revised 2/23/09

Cost Estimating Body of Knowledge - CEBoK™ is a CD-ROM based desktop reference, training curriculum, and performance support tool published by the Society of Cost Estimating and Analysis (SCEA). Cost of an individual-use CEBoK license is \$230.00 for SCEA members and \$330.00 for non-members. Annual dues for SCEA membership are \$55.00. Note: Companies/organizations wishing to purchase multiple individual licenses (>5) or to host CEBoK on an intranet server for access by employees (Enterprise License) should contact the SCEA National Office.

Terms of Use: An Individual License for CEBoK is issued to a named individual only for that individual's personal use. Licensee agrees to neither copy the CEBoK CD nor otherwise share files included on the CD. License is for current release of CEBoK and entitles licensee to maintenance releases at no charge for as long as SCEA continues to support the product. New versions of CEBoK (functionality enhancements) will be provided to licensee free of charge for a period of 3 years from the license date. Following the initial 3 year license period, new versions will be provided for a fee based on scope of enhancement.
